On December 28, Governor Abbott and DSHS are alerting nursing facilities to the availability of monoclonal antibody therapies that can be used to treat residents who have been diagnosed with COVID-19.

In a letter sent December 27, DSHS Commissioner John Hellerstedt, MD, urges facility administrators to work with their medical directors and treating physicians to consider the use of monoclonal antibodies whenever appropriate. These therapeutics have shown promise in reducing hospital admissions for patients who have been diagnosed with the disease, have mild or moderate illness, and are in a high-risk group for developing severe disease.

Texas receives regular allocations of two different monoclonal antibody therapies from the federal government, which can be directed to nursing facilities and other health care settings. Facilities can complete a survey to register their interest in receiving shipments. They can also work with their Health and Human Services Commission regional director or director of survey operations to facilitate more urgent delivery.

On December 22, 2020, Governor Greg Abbott received the COVID-19 vaccine at Ascension-Seton Medical Center in Austin.

On December 18, Governor Abbott held a call with hospital CEOs and representatives across Texas to discuss the importance of COVID-19 therapeutic antibody treatments in the state's fight against COVID-19.

On December 17, Governor Abbott announced that the Texas Division Of Emergency Management (TDEM) has established a COVID-19 therapeutic infusion center in Harlingen to treat outpatient cases of COVID-19.

On December 17, Governor Abbott held a press conference where he provided an update on the statewide COVID-19 vaccine distribution at the UPS Distribution Center in Austin.

On December 14, Governor Abbott visited the White House where he attended a briefing on Operation Warp Speed with Vice President Mike Pence and other state and federal leaders.

On December 11, Governor Abbott announced that the State of Texas will participate in the Pharmacy Partnership for Long-Term Care Program, a federal program to vaccinate residents and staff of long-term care facilities against COVID-19.

On December 7, Governor Abbott and the Texas Division of Emergency Management (TDEM) launched a COVID-19 Rapid Testing Pilot Program for front line workers at Texas small businesses. This program will help small businesses throughout the state conduct rapid tests on employees to mitigate the spread of COVID-19.

On December 3, Governor Abbott announced that the Texas Health and Human Services Commission (HHSC) will provide approximately \$204 million in emergency Supplemental Nutrition Assistance Program (SNAP) food benefits for the month of December as the state continues to respond to the COVID-19 pandemic.

On December 2, Governor Abbott announced that the Centers for Disease Control and Prevention (CDC) has made an initial allotment of over 1.4 million doses of the COVID-19 vaccines to the State of Texas for the month of December. These vaccines, which should begin arriving in Texas the week of December 14th, will be distributed to qualifying providers across the state who will administer these immunizations based on the Vaccine Distribution Principles developed by the state's Expert Vaccine Allocation Panel.

On November 24, Governor Abbott announced that TDEM has established a bamlanivimab infusion wing at the state-run alternate care site (ACS) in El Paso to treat outpatient cases of COVID-19.

On November 23, Governor Abbott and DSHS announced the guiding principles for Texas' COVID-19 vaccine allocation process, which will serve as a foundation for the state's initial distribution for COVID-19 vaccines expected as early as next month.

Texas will initially allocate COVID-19 vaccines based on the following criteria:

- Protecting health care workers who fill a critical role in caring for and preserving the lives of COVID-19 patients and maintaining the health care infrastructure for all who need it.
- Protecting frontline workers who are at greater risk of contracting COVID-19 due to the nature of their work providing critical services and preserving the economy.
- Protecting vulnerable populations who are at greater risk of severe disease and death if they contract COVID-19.
- Mitigating health inequities due to factors such as demographics, poverty, insurance status and geography.
- Data-driven allocations using the best available scientific evidence and epidemiology at the time, allowing for flexibility for local conditions.
- Geographic diversity through a balanced approach that considers access in urban and rural communities and in affected ZIP codes.
- Transparency through sharing allocations with the public and seeking public

feedback.

On November 19, Governor Abbott traveled to Lubbock to hold a briefing with local officials and provide an update on the distribution of bamlanivimab, the Eli Lilly & Company monoclonal antibody therapy for COVID-19.

On November 18, Governor Abbott announced a \$420 million reimbursement program to cover costs incurred by Texas public schools that purchased Wi-Fi hotspots and/or eLearning devices (such as laptops, tablets, and Chromebooks) so students could learn remotely during the COVID-19 pandemic.

On November 11, Governor Abbott deployed additional resources to El Paso and Lubbock to help combat COVID-19 in these communities. These resources include medical personnel, medical equipment, personal protective equipment (PPE), mobile testing sites, and more.

On November 10, Governor Abbott announced that the State of Texas has prepared allocation plans to swiftly distribute medicines and vaccines that are now becoming available to treat COVID-19.

On November 6, Governor Abbott announced that the U.S. Department of Defense (DOD) has deployed three U.S. Air Force Medical Specialty Teams to assist the state's efforts to combat COVID-19 in El Paso. Governor Abbott also renewed the statewide disaster declaration for COVID-19.

On November 5, Governor Abbott announced that HHSC will provide approximately \$202 million in emergency Supplemental Nutrition Assistance Program (SNAP) food benefits for the month of November as the state continues its response to the COVID-19 pandemic.

On October 26, as part of the Trump Administration's comprehensive national effort to fight the COVID-19 pandemic and to assist the nation's Governors in doing so, the U.S. Department of Health and Human Services (HHS) is sending 8,730,000 state-of-the-art Abbott BinaxNOW COVID-19 point of care antigen tests to the State of Texas.

On October 25, Governor Abbott announced that TDEM is establishing an alternate care site (ACS) in El Paso to expand hospital capacity in the region.

On October 24, Governor Abbott held a call with Dr. Robert Kadlec, the Assistant Secretary for Preparedness and Response (ASPR) at the U.S. Department of Health & Human Services (HHS), to discuss hospital capacity needs in the City of El Paso.

On October 22, Governor Abbott announced that DSHS and TDEM are surging additional medical personnel and equipment to the El Paso region to assist with the community's COVID-19 response.

On October 16, Governor Abbott announced that DSHS and TDEM have surged medical personnel, medical supplies, and personal protective equipment (PPE) to the Panhandle and South Plains areas to support hospitals in their COVID-19 response. These resources will be concentrated in hospitals in Amarillo, Lubbock and the surrounding areas.

On October 15, TDEM updated the criteria for a county exemption from the Texas Executive Order GA-29 face-covering requirement. TDEM has promulgated the following criteria for a county exemption from the face-covering requirement of GA-29:

- The county must have 30 or fewer new COVID-19 cases during the previous 14-day period.
- The county judge of a county with 30 or fewer new COVID-19 cases during the previous 14-day period must submit an exemption form affirmatively opting out.
- If a county exceeds 30 new COVID-19 cases during a 14 day period, the county judge will be notified via email by TDEM, the county name will be removed from this website, and the county will be required to comply with all aspects of GA-29. After a 14 day waiting period, if the county has fewer than 30 new COVID-19 cases during the previous 14 day period, the county judge will be eligible to reapply for exemption. Visit <https://tdem.texas.gov/ga29/> for more details.

Texas Department of Licensing and Regulation (TDLR):

- TDLR continues to update their website's COVID-19 page (<https://www.tdlr.texas.gov/covid19.htm>) with the latest developments affecting their licensees and the public.
- TDLR has extended their agency's current work from home initiative through January 5, 2021.
- A searchable database of all emergency licenses is now available here: <https://www.tdlr.texas.gov/emergency-licenses.htm>
- This extra time is to allow those who are waiting for their license to be renewed by TDLR to continue working with a valid license as TDLR navigates workflow challenges brought on by COVID-19.
- Current license expiration dates will not change, and any late fees accrued will not be waived. All licensees should still renew their licenses in accordance with their regular expiration dates.
- TDLR will not issue printed emergency licenses, and licensees are not required to post or display proof of an emergency license. Anyone needing verification or authorization of an emergency license should be directed to this webpage: <https://www.tdlr.texas.gov/emergency-licenses.htm>
- All TDLR licensees with a renewable license that expired between August 1, 2020 and January 31, 2021 will be considered to hold an emergency license valid for up to 120 days after their expiration date. The TDLR previously adopted an emergency rule granting the emergency licenses on November 23. The original extension involved licenses that expired between August 1 and November 30, 2020. This additional extension was approved by TDLR Executive Director Brian E. Francis.
